HILLTOPS WINE TRAIL

A handy wine trail map to our region's Cellar Doors and other selected nourishment...

The NSW Hilltops surrounding the towns of Young and Harden is one of Australia's most exciting emerging cool climate wine regions, home to an array of enticing award-winning wines and rustic family run cellar doors.

Its history dates back to Dalmatian settlers in the 1860s and an original reputation founded on Cabernet Sauvignon and Shiraz. Increasingly, the region's rolling hills host Italian origin grape varieties nurtured to make diverse prestige wines – among them Pinot Grigio, Fiano, Prosecco, Nebbiolo and Sangiovese.
